Nerd Nite Fort Collins

Be there and be square

You Had to be There

Justin Fritz

Boss, Nerd Nite Fort Collins

Nerd Nite Melbourne #71 • Howler, Brunswick • 14 October 2026

Hi. I'm Justin Fritz.

And I'm a Nerd Nite Boss.

That is a real title. They gave it to me. I take it very seriously.

Mostly it means getting out of the way.

I have had a lot of jobs

Marine • navigator • instructor

electrical engineer

chips • wireless

founder • host

As an American, I tend to conflate the person with the job.

This isn't a resume.

It's a list of rooms I was lucky to be in.

The relevant education

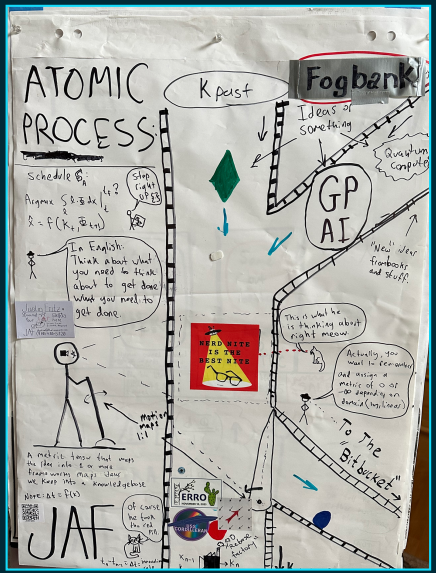

Not the classrooms.

In the field.

In the lab.

Frankly — at Nerd Nites.

Trajectories

Everything I just listed is a sampling of one trajectory.

Everyone in this room has a rich history.

Tonight ours came together here.

Thank you.

Talks. Mars. An abstract. An organ.

“You had to be there.”

when the description doesn’t carry the energy

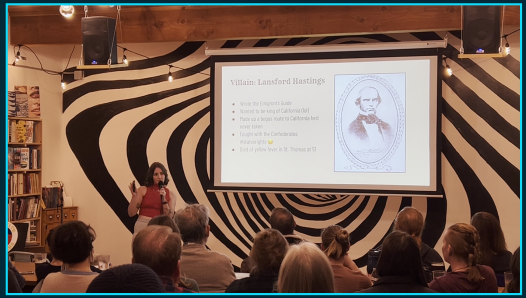

Worst Party Ever

Everything You Didn't Know About the Donner Party

Hannah Bauer

Nobody at Wolverine Farm was in the Sierra Nevada in 1846.

For a moment they were.

Hector Berlioz Was a Visionary Composer and also a Creepy Stalker

You weren’t at the Donner Party.

You weren’t at the talk about the Donner Party.

You are at a talk about a talk about the Donner Party.

So why does it still work?

We have not sent people

We sent probes. Rovers. Instruments.

They returned more data than anyone can read.

Somebody had a hypothesis before it ever launched.

Somebody else is reading it back.

The data came back.
The people stayed home.

Energy does not transmit.

The abstract arrived rough.

Jamie started to fix it.

I stopped her.

We ran it exactly as offered.

Let's Build a Pipe Organ!

Joel Bacon

NNFC S2026E06 18 June 2026

Hundreds of parts.

Two octaves. Hand pumped. Mechanical action.

The audience built it.

Then he played it

A hand-pumped organ cannot make a sound unless somebody is standing there supplying the air.

No person. No air. No sound.

We needed a volunteer.

Somebody put their hand up.

Thank you
